64 Programs/16 Combis/16 MB New Multi Samples

**Korg Krome Volume #4 - Studio Session Mix - Kid Nepro's fourth release for Krome is now available! A great mix of new programs perfect for your next live gig or studio session. V4 contains 64 Programs, 16 combis and 16 MB of new Multi Samples.**

**With Krome Studio Session mix, our goal was to create a sound bank that would be useful for musicians doing "live gigs" or "studio sessions". All the sounds are geared towards the type of stuff that you would use on a gig or a recording session. There are several new Acoustic and Electric Pianos, Strings, Pads & Choirs, Guitars, Bases and Leads and a nice mix of ARPS & Drum Patterns that you can jam along with.**

**All sounds were programmed with the modern controls from the latest Korg workstation to bring you an amazing collection of classic soundtrack mixes. All programs include ARP and Drum Track functions as well as control assignments to the Krome Joystick, SW1 & SW2 and User Knobs 1-4. The result is the best sound with the best modern controls that will inspire you to create amazing new music.**

**Krome Studio Session Mix is perfect for your next studio project or live performance. Or if you just want to jam along, the cool ARP's and beats included on all Programs will have you jamming for hours!**

**Krome Studio Session Mix is programmed by keyboard player, composer and sound programmer Steve Proto. Steve has been programming Korg synthesizers since 1985. He has produced sounds for nearly every synth workstation that Korg has released since then, including the Korg M1, 01W, Trinity, Triton, KARMA, M3 Series & Kronos workstations. Steve has created thousands of sounds for over twenty Korg synths over the past three decades. More info on Kid Nepro sounds at: [www.kidnepro.com](http://www.kidnepro.com).**
