

KApro proudly introduce their KORG KRONOS EXs88 Library

KApro EXs88 „Theatre Organ“

Die KApro EXs88 „Theatre Organ“ Library bietet Ihnen ein Sound-Set aus

- 128 Programs und
- 179 Multisamples

für den KORG KRONOS.

Wikipedia lehrt uns auf der Seite <http://de.wikipedia.org/wiki/Kinoorgel> Folgendes:

„Eine Kinoorgel ist eine Pfeifenorgel, wie sie zu Beginn des 20. Jahrhunderts zur Begleitung von Stummfilmen in Lichtspielhäusern eingesetzt wurde. Kinoorgeln verbreiteten sich von den USA ausgehend nach Europa und über die ganze Welt, (...).“

Der typische Spieltisch dieser im Englischen als „theatre organs“ bekannten Instrumente ist meistens hufeisenförmig und oft eine reich verzierte Augenweide, die mit beeindruckenden Lichteffekten garniert ist. Aufgrund der Anregungen unserer Kunden präsentiert KApro jetzt eine Klangbibliothek, die ausschließlich den Kinoorgeln gewidmet ist. Für die brandneue KApro EXs88 „Theatre Organ“ Library nahm KApro sowohl eine berühmte dreimanualige Kinopfeifenorgel mit Vollpedal als auch zwei elektronische Kinoorgeln auf. Die Programme U-G000 bis U-G072 präsentieren typische Kinopfeifenorgelregister, während die Programme U-G073 bis U-G100 typische Effekt- und Perkussionsklänge bringen, wie sie für große Kinopfeifenorgeln typisch sind. Die Programme U-G101 bis U-G127 bringen eine kleine Auswahl typischer Registrierungen elektronischer Kinoorgeln.

Ein absolutes MUST HAVE für jeden KRONOS User!

KApro proudly introduce their KORG KRONOS EXs88 Library

KApro EXs88 "Theatre Organ"

The KApro EXs88 "Theatre Organ" Library offers a sound set of

- 128 programs and
- 179 multisamples

for the KORG KRONOS.

Wikipedia has it at http://en.wikipedia.org/wiki/Theatre_organ that

“A theatre organ (also known as a theater organ, or [especially in the U.K.] a cinema organ) is a distinct type of pipe organ originally developed to provide music and sound effects to accompany silent films during the first 3 decades of the 20th century.”

The horseshoe-shaped arrangement of stop tabs above and around the instrument's keyboards on its console is typical and has also been introduced into electronic versions of these fine instruments. Following customers' requests, KApro now introduces a sound library which is solely devoted to theatre organs. KApro recorded a famous theatre pipe organ with three manuals and full pedal as well as two electronic theatre organs for the brand-new KApro EXs88 "Theatre Organ" Library. The programs U-G000 to U-G072 present typical theatre pipe organ registers while the programs U-G073 to U-G100 bring typical sound effects and percussion sounds which are typical for large theatre pipe organs. The programs U-G101 to U-G127 present a small selection of typical registrations found in electronic theatre organs.

An absolute **MUST HAVE** for every KRONOS user!
