EXs54 KARO Granular Atmospheres für KORG KRONOS ©

The Dark Side of the KRONOS!

Die KARO Granular Atmospheres Sample Library beinhaltet spielbare Sounds, die vorher in einer ähnlichen Qualität selten bei anderen Synthesizern oder Plug-ins gehört wurden.

Die entnommenen Samples wurden importiert und im KORG KRONOS editiert. Die Granular Atmospheres ist prädestiniert für Film- und experimentelle Musik. Es ist schwierig, diese Klänge zu beschreiben - man muß sie hören oder noch besser spielen.

The Dark Side of the KRONOS!

The KARO Granular Atmospheres sample library includes playable sounds rarely heard before in a similar quality on any other synthesizer or plugin.

The taken samples were imported and edited in the KORG KRONOS. Granular Atmospheres is perfect for movies and experimental music. Describing them is quite difficult, you have to hear or even better play them.
