Kronos Hit Factory was programmed by keyboard player, composer and sound programmer Steve Proto. Steve has been programming Korg synthesizers since 1985. He has produced sounds for nearly every synth workstation that Korg has released since then, including the Korg M1, 01W, Trinity, Triton, KARMA and M3 Series workstations. Steve has created thousands of sounds for over twenty Korg synths over the past three decades. More info on Kid Nepro sounds at: [www.kidnepro.com](http://www.kidnepro.com).

**Kid Nepro's EXs Expansion Sample Series take advantage of Kronos' built-in SSD hard drive and all samples stream direct from the disk. Functionality-restricted demo versions can be downloaded for evaluation; purchasing an authorization code removes the restrictions.
