

**EXs 84 - Wave Machine - New Sounds for Korg Kronos
HD-1 Sound Engine**

**64 Programs - 32 Combis - 32 Wave Sequences - 3 Drum
Kits - 230 MB New Multi Samples**

**Korg Kronos EXs 84 - Wave Machine is an amazing
collection of programs & combis that transform Kronos
into a superior cinematic synth instrument.**

**Wave Machine recreates the classic sound of the Korg
Wavestation, while adding all the modern features found**

in Kronos to create a powerful new set of sounds. In addition to the programs and combis, Kid Nepro has designed 32 new Wave Sequences containing lot's of funky rhythmic loops and spacy evolving pads, that will no doubt spark some new ideas on your next project. All your favorite Wavestation sounds with a brand new 21st century update.

While programming Wave Machine, Kid Nepro teamed up with veteran sound design and sound effect mastermind John McShane to record a monumental collection of pads, synth sounds and sound effects. Also included are four new drum kits with hundreds of new drum & percussion samples. From this material, we spent numerous hours carefully manipulating and morphing the sounds to forge a sound library that will no doubt be your Kronos secret weapon.

All programs and combis include full KARMA functions and drum track as well as control assignments to the Kronos Joystick, Vector Stick, SW1 & SW2 and User Knobs 5-8. Kronos Electric Guitars is perfect for your next studio recording or live gig. Or if you just want to jam along, the cool KARMA grooves included on all 64 Programs & 32 Combis will have you jamming for hours.

Kronos Wave Machine programmed by keyboard player, composer and sound programmer Steve Proto. Steve has been programming Korg synthesizers since 1985. He has produced sounds for nearly every synth workstation that Korg has released since then, including the Korg M1, 01W, Trinity, Triton, KARMA and M3 Series workstations. Steve has created thousands of sounds for over twenty Korg synths over the past three decades. More info on Kid Nepro
