

KApro EXs72 Modular Dreams

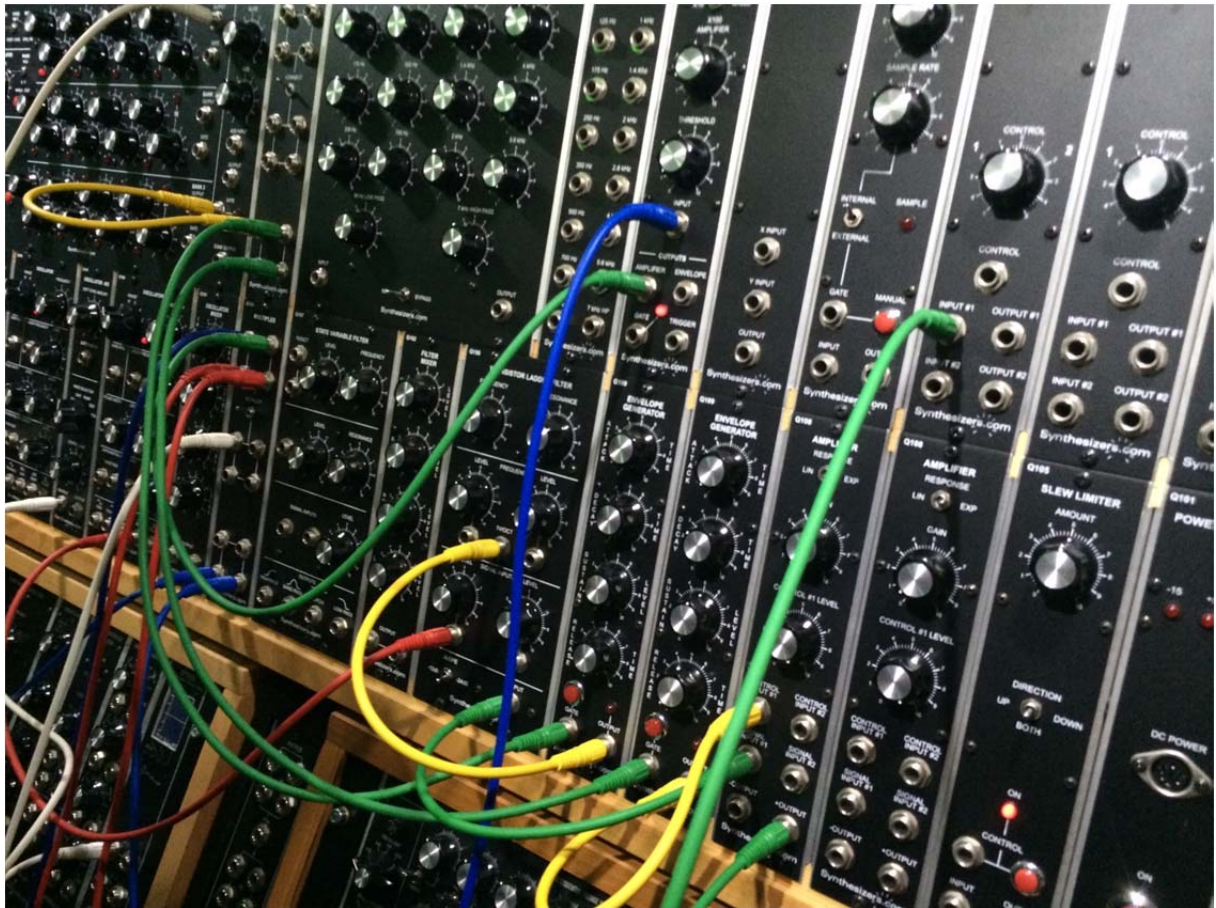

KApro stellt nach einjähriger Zusammenarbeit mit Bernie Land, Aliens Project (<http://www.aliens-project.de/>), die erste gemeinsame EXs Library für den KORG KRONOS vor. Bernie war für uns die erste Wahl für diese außergewöhnliche Library, denn er besitzt eine der größten Synthesizersammlungen mit zum Teil exotischen Exemplaren in Europa. Insgesamt wurden Multisamples im Umfang von rund 1,2 GB erstellt. Als Klangquellen dienten vor allem Bernies einzigartige Modulare Systeme und Synthesizer. Die außergewöhnlichen Klangformungsmöglichkeiten des KORG KRONOS tun ein Übriges, um diese Library zu einem einzigartigen Erlebnis für alle Synthesizerfans zu machen. Ein wahrlich un-(er)ge-hörter Klangrausch erwartet Sie, mit einem Motto auf den Punkt gebracht: einfach "FROM OUTER SPACE". Insgesamt stehen Ihnen 217 Programme zur Verfügung. Wir wünschen viel Vergnügen.

KApro EXs72 Modular Dreams

KApro proudly presents their first EXs Library for the KORG KRONOS which was created over a one-year long cooperation with Bernie Land of Aliens Project (<http://www.aliens-project.de/>). Bernie was our first choice partner because he owns one of the biggest collection of, partly exotict, synthesizers in Europe. The “Modular Dreams” Library comprises of about 1.2 GB of multisamples which were recording using Bernie’s veritably unique modular synthesis systems. The extraordinary sound synthesis capabilities of the KORG KRONOS “pimp up” these sources, forming a totally new audio experience for all synthesizer lovers. A truly unheard sonic rapture is waiting for you: The “Modular Dreams” Library is simply “FROM OUTER SPACE”. 217 programs are included. We wish you lots of pleasure with them.
