KRS50 KARO Vintage Organs für KORG KRONOS ©

Im Jahre 1933 wurde das Prinzip der Tone Wheels erfunden. Diese neue und einzigartige Technologie, die 1934 in den USA patentiert wurde, ebnete den Weg für einen neuen Typ von Spinett-Organen, die ihren größten Erfolg in den 60iger und 70iger Jahren hatten.

Es gab nicht eine Band, die auf diese wunderbaren Instrumente in den Vintage-Tagen hätte verzichten können. KARO widmete sich der Programmierung einer schönen Sammlung von Vintage Orgel sounds.

KRS50 KARO Vintage Organs for KORG KRONOS ©

In 1933, the tone wheel principle was invented. This new and unique technique which was patented in 1934 in the US paved the way to the establishment of a new type of spinet organs, having their biggest success in the 1960s and the 1970s.

No band could renounce on this fine musical instrument in these vintage days. KARO dedicated ourselves to the programming of a beautiful collection of vintage organ sounds.
