

KApro proudly presents the KORG KRONOS KRS71 Library

KRS71 KApro "Classic Tonewheels V2"

Die KApro "Classic Tonewheels V2" Library bietet Ihnen ein vielfältiges Sound-Set aus 128 Programs für den KORG KRONOS.

Im November des vergangenen Jahres 2013, führte KORG eine weiterentwickelte, deutlich verbesserte Orgel-Engine für den KORG KRONOS ein, die "CX-3 Version 2". Wir bei KApro waren schon immer große Verehrer der unerreichbaren und – leider auch fast – unerschwinglichen Tonewheel-Organen, die in den 1950er Jahren das Licht der Welt erblickten. Als wir die neue, umwerfende CX-3 im KORG KRONOS hörten, drängte es uns buchstäblich zur Entwicklung unserer eigenen Tonewheel-Lib, die jetzt als KApro "Classic Tonewheels V2" Library vorliegt. In dieser KApro "Classic Tonewheels V2" Library finden sich mittlerweile wohlbekannte „klassische“ Orgelklänge aus fast allen musikalischen Genres wie Fusion, Funk, Gospel, Jazz, Movie, R&B, Reggae, Rock, und auch ein kleines bisschen aus Barock und Klassik.

Seit wir einige Demotracks aufgenommen hatten, sind wir restlos davon überzeugt, dass diese KApro "Classic Tonewheels V2" Library ein absolutes MUST HAVE für jeden KRONOS User ist!

KRS71 KApro "Classic Tonewheels V2"

The KApro "Classic Tonewheels V2" Library offers a varied sound set of 128 programs for the KORG KRONOS.

In November 2013, KORG introduced an evolved and improved organ model for the KORG KRONOS, the CX-3 "Version 2". Being addicts of the unprecedented and unbeatable and nearly unaffordable tonewheel organ models that saw the light of day in the 1950s, we at KApro were so impressed by the superb quality of the new tonewheel organ modeling that we just had to create our own library dedicated to this KRONOS engine. Now, our "Classic Tonewheels V2" Library is available to the KRONOS users. It features classic organ sounds well-known from nearly all musical genres, especially Fusion, Funk, Gospel, Jazz, Movie, R&B, Reggae, Rock, and also a little bit of Classic Organ.

Since the recording of some demo tracks we have felt that this library is an absolute **MUST HAVE** for every KRONOS user!
